                                         DISCREPANCY TABLE

            A "Y" indicates a discrepancy between Iowa's case and the other state's case for that column.  A
            "Y" is not entered on a case that does not match with the other state.

            An "ADDED" in the Case ID field indicates the other state's case ID was automatically added.

            The IA/OS column indicates Iowa's initiating or responding status and the Other State's (OS)
            initiating or responding status.  (INIT/RSPN, INIT/INIT, INIT/NONE, RSPN/INIT, RSPN/RSPN,
            RSPN/NONE, INIT/UNK, RSPN/UNK).

            The CORRECTLY MATCHED column is selected with a "Y" when no fields display a discrepancy and the
            IA/OS MATCH is either INIT/RSPN or RSPN/INIT.
